American Board & Academy of Psychoanalysis

Book Prize Winners for 2019

On Behalf of the American Board and Academy of Psychoanalysis (ABAPsa), I wish to extend our congratulations to the winners of the 2019 Book Awards. As ever, and from our previous announcement of the finalists, one could easily discern that the competition was very keen, making the task of the Committee reviewing and deciding on the finalists and ultimate winners, a very daunting task, indeed. However, this is ultimately heartening, in that it appears there is indeed a healthy, vibrant community of psychoanalytical scholars, contributing their insights, hypotheses, findings, and results, from a broad spectrum of psychoanalytical paradigmatic positions. Additionally, we are appreciative of those publishers that continue to go against the publishing grain, and publish psychoanalytical texts for our broad community of scholar-practitioners.
